TIMES TABLES ROCK STARS (TTRS)
GRADE 1 -7

Dear Parents,
Greetings from Dewvale School!

We are delighted to inform you that Dewvale School is launching an exciting new initiative to boost our pupils' numeracy skills — the **Times Tables Rock Stars Competition!**

This engaging and competitive platform is designed to help students improve their times tables fluency through fun, interactive games. As part of our commitment to developing strong mathematical foundations, this competition will become a regular feature in our school calendar.

How TTRS works?

- Every week, 5 to 10 students will be selected according to the class strength by their class teachers to participate in TTRS.
- The names of the selected students will be shared via email in our weekly update.
- Selected students will be assigned to prepare the times tables mentioned for that month.
- The student should recite the times tables during TTRS session.
- TTRS sessions will be conducted during the enrichment period.

To add an element of healthy competition, at the end of each month, the best rock star will be awarded from each section.

Students will earn points by answering multiplication questions correctly. The more they practice, the more points they collect! Prizes will be awarded to top performers in each year group and for the class with the highest average score.

Encourage your child to practise regularly at home. Just 10 minutes a day can significantly boost their confidence and speed with multiplication facts.

Prizes and Recognition:

- Certificates for high scorers and most improved students.
- Class Trophy for the top-performing class.
- Recognition during school assemblies and in our newsletter.

We are thrilled to bring this dynamic and effective learning tool to Dewvale and look forward to your support in making it a success. Let's make maths fun and rewarding!

Best Regards,

سيما عمر
